Professional Summary

Junior Software Developer with hands-on experience in full-stack and frontend web development using Python, Django, JavaScript, React.js, Next.js, TypeScript, Node.js, REST APIs, and SQL. Experienced in developing web applications, implementing CRUD operations, API integration, database operations, data validation, debugging, testing, and responsive user interfaces. Working knowledge of C#, .NET, ASP.NET Core, MVC, Object-Oriented Programming, and REST API development, with an understanding of software development and unit testing practices. Experienced in collaborating with development teams, documenting assigned work, troubleshooting application issues, and using Git/GitHub throughout the development lifecycle. B.Tech graduate in Computer Science and Engineering, currently based in Dubai, UAE, and available for immediate joining.

Technical Skills

- **Programming Languages:** Python, C#, JavaScript, TypeScript, SQL, Object-Oriented Programming (OOP)
- **Microsoft .NET:** .NET, ASP.NET Core Fundamentals, C#, MVC Fundamentals, REST API Concepts, Web Application Development
- **Backend Development:** Python, Django, Node.js, REST API Development, Backend Logic, CRUD Operations, API Integration
- **Frontend Development:** HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Responsive Web Design
- **APIs & Integration:** RESTful APIs, JSON, API Integration, Third-Party API Integration, Data Validation, API Testing
- **Databases:** MySQL, PostgreSQL, SQLite, SQL, Django ORM, Database Operations
- **Software Development:** SDLC, Debugging, Unit Testing Fundamentals, Functional Testing, Error Handling, Troubleshooting, Performance Optimization, Application Maintenance
- **Version Control & Tools:** Git, GitHub, Postman, VS Code
- **Deployment:** Vercel, Render
- **Development Practices:** Agile Development, Responsive Design, Cross-Browser Compatibility, Documentation

Experience

Software Developer Intern – BlueRipples Technologies

November 2025 – March 2026

- Developed responsive and interactive web interfaces using **React.js, JavaScript, HTML5, and CSS3**.
- Built reusable and modular **React components** for maintainable and scalable user interfaces.
- Integrated frontend applications with **REST APIs**, handled JSON responses, and implemented dynamic data rendering.
- Implemented **debouncing and lazy loading** to reduce unnecessary API requests and improve application performance.
- Debugged and resolved frontend issues related to functionality, responsiveness, browser compatibility, and

user experience.

UI Developer Intern – Valoriz Digital (Mozanta Technologies), Trivandrum

May 2026 – July 2026

- Developed responsive web interfaces using **HTML5, CSS3, JavaScript, React.js, Next.js, TypeScript, and Tailwind CSS**.
- Converted **Figma designs into responsive and reusable frontend components** while maintaining design consistency across devices.
- Built modular UI components and responsive layouts for **desktop, tablet, and mobile devices**.
- Implemented interactive UI features including **animations, transitions, hover effects, and smooth scrolling**.
- Collaborated with designers and developers, integrated **REST APIs**, and debugged issues related to functionality, responsiveness, and browser compatibility.

Python Django Full Stack Developer Intern – Luminar Technolab

July 2025 – February 2026

Remote

- Developed web applications using **Python and Django** following structured software development practices.
- Worked with **Django ORM, MySQL, REST APIs, and MVT architecture** for backend application development.
- Developed backend functionality including **CRUD operations, API integration, data validation, and application workflows**.
- Built responsive frontend interfaces using **HTML, CSS, JavaScript, and Bootstrap**.
- Implemented database operations and integrated application logic with frontend and backend components.
- Performed **debugging, testing, error handling, and troubleshooting** during application development.
- Worked on full-stack application development covering database, backend logic, API integration, and frontend development.

Projects

Anti-Ragging Solution Website – React.js, Node.js, MySQL

- Developed a responsive full-stack web application for reporting and managing incidents in educational institutions.
- Built interactive user interfaces and dashboards using **React.js** with responsive layouts.
- Implemented role-based authentication and interactive application functionality.
- Integrated React.js frontend components with **Node.js backend APIs** and MySQL database services.

Smart Resume Analyzer – Python, Django, PyPDF2

- Developed a web-based application using **Python and Django** for automated resume analysis and information extraction.
- Implemented resume scoring, skill detection, keyword analysis, and job-role recommendation functionality.
- Integrated backend processing and database functionality for managing resume information and analysis results.
- Implemented validation, error handling, and data processing features to improve application reliability.

Virtual Interview Preparation Coach – Python, OpenCV, BERT, Machine Learning

- Developed an AI-powered web application to simulate interview environments and provide personalized feedback.
- Implemented real-time emotion detection using **OpenCV** and sentiment analysis using **BERT**.
- Processed user inputs and generated personalized interview feedback using Python-based application logic.

Education

2021 – 2025	Bachelor of Technology (B.Tech) in Computer Science and Engineering Minor Specialization in Biomedical Engineering TKM Institute of Technology, Karuvellil, Kollam	CGPA: 7.95/10
2020 – 2021	Higher Secondary Education (Class XII) TKM HSS Karikode, Kollam	96.5% (Full A+)
2019 – 2020	Secondary School Leaving Certificate (SSLC) TKM HSS Karikode, Kollam	98% (Full A+)

Certifications

- Fundamentals of Artificial Intelligence – NPTEL, IIT Guwahati
- Introduction to Machine Learning – NPTEL, IIT Kharagpur
- React – Basic & Python – Basic – HackerRank
- Cloud SAP ERP Internship Certification – Innoval Digital Solutions
- Full Stack Web Development Workshop – TATHVA'22, NIT Calicut

Achievements & Activities

- Secured Second Prize in Inter-College Basketball Competition.
- Minor Specialization in Biomedical Engineering alongside B.Tech in Computer Science and Engineering.
- Participated in coding challenges, technical workshops, and hackathons.
- Volunteer Math Teacher under Project Ganitham, mentoring students from Grades 8–10.
