PROFESSIONAL EXPERIENCE

UI Developer – Valoriz Digital (Mozanta Technologies), Technopark, Trivandrum April 2026 – Jul 2026

- Developed responsive web interfaces using React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Converted Figma designs into reusable, responsive UI components for desktop, tablet, and mobile screens.
- Implemented interactive interface elements, transitions, animations, and responsive layouts.
- Integrated REST APIs, handled dynamic data, and supported frontend performance optimization and browser compatibility testing.
- Collaborated with developers and designers to implement interface requirements and resolve UI issues.

Software Developer – BlueRipples Technologies, Kinфра Park, Trivandrum Aug 2025 – Mar 2026

- Developed and maintained responsive web application features using JavaScript, React.js, HTML5, and CSS3.
- Integrated REST APIs, handled JSON responses, and implemented dynamic data rendering and frontend-backend communication.
- Implemented data-driven features such as search, pagination, sorting, and filtering.

- Applied debouncing and lazy loading, including Intersection Observer where appropriate, to reduce unnecessary work and improve page performance.
- Built reusable UI components and performed debugging, testing, and troubleshooting to resolve frontend issues.

TECHNICAL TRAINING

Python Django Full Stack Developer Training – Luminar Technolab April 2025 – July 2026

- Practised building web applications with Python, Django, Django ORM, MVT architecture, REST APIs, and MySQL.
- Worked on CRUD operations, database queries, backend logic, data validation, and connecting frontend interfaces with backend services.

REAL-WORLD WEB PROJECTS

MAGRABi UAE – E-Commerce Web Interface React.js, TypeScript, Tailwind CSS

- Developed responsive and interactive e-commerce interface components with reusable UI elements and responsive layouts.
- Implemented Figma-based UI designs, animations, and smooth-scrolling interactions.
